Effective Date: March 22, 2017  
LOMC-VALID

Dear Mr. Glover:

On March 17, 2017, the Department of Homeland Security's Federal Emergency Management Agency (FEMA) notified you through a "LOMC-VALID" letter of the administrative action taken to prevent valid Letters of Map Change (LOMCs) from being superseded by the new Flood Insurance Rate Map (FIRM) for your community that became effective on March 22, 2017. This letter revises information that was either incorrect or omitted from the "LOMC-VALID" letter, such as LOMCs which were inadvertently left off but should have been revalidated. Please replace the previous "LOMC-VALID" letter sent to your community with this corrected copy. We regret any confusion this error or omission may have caused your community.

As of the effective date shown above, the LOMCs on the enclosed table revise the effective FIRM dated March 21, 2017, for the referenced community, and will remain in effect until superseded by a revision to the map panel on which the property is located. The FEMA case number, determination date, identifier, map panel number, and current flood insurance zone for the revalidated LOMCs are listed on the enclosed table.

For information relating to LOMCs not listed on the enclosed table, or to obtain copies of previously issued LOMCs, please contact the FEMA Map Information eXchange (FMIX), toll free, at 1-877-336-2627 (1-877-FEMA-MAP).

Sincerely,

A handwritten signature in black ink, appearing to read "Luis Rodriguez".

Luis Rodriguez, P.E., Chief  
Engineering Management Branch
